TI Programmable 58C

Here's a programmable calculator that offers more power, flexibility and capability and features TI's exclusive Solid State Software. With Master Library module with 25 programmes in math, statistics, and finance you can choose from 12 optional libraries. You can also programme the TI programmable 58C right from the keyboard. TI's Constant Memory feature retains data or programme information even when the calculator is turned off.

It has up to 480 programme steps or 60 memories with 4 types of display testing with independent test or "Y" register and 10 additional test registers.

Over 170 functions and operations in scientific, engineering, and statistical fields. Complete editing and error correction capabilities with single-step and back-step keys.

The TI Programmable 58C gives hard copy when used with the PC-100C thermal printer/plotter.

\$122.99 + TAX = \$141.44

**The T.I.
Programmable 59**

A revolutionary new personal programmable calculator. 960 programme steps or 100 memories. Master library module plug in feature. 25 different programmes in key areas. Four types of display up to 10 additional test registers. 72 useful labels. Up to 6 levels of sub routines. Complete programme editing. Operates with PC-100C printer. Optional solid state software libraries.

**\$276.99 + TAX
= \$318.54**

**Saving
\$32.66**
