**Welcome to the eComStation installation program.**

Before continuing, you may wish to customize the installation program to suit your needs.

First, you should verify that the selected keyboard layout corresponds to your current keyboard. (You can test the layout by typing into the entry field below.)

You can also set your mouse button's behaviour to right- or left-handed mode.

Finally, you may adjust the font size used to display information throughout the installation program. The **Ctrl +** and **Ctrl -** key combinations will also allow you to change the font size at any time.

**Note:** These settings will remain in effect until the system reboots or the installation program is restarted. They do not affect the behaviour of the installed system.

Use the **Next** button to proceed with the installation.

**Keyboard layout:**
